World Reflexology Foundation is a group of highly trained Reflexology leaders, educators and practitioners who have been inspired by our experiences with Reflexology and want to empower all the people around the world with the powerful health benefits of Reflexology by educating them and teaching them how to do Self-Help and Family-Help Reflexology for themselves, their families and their communities, towns and villages.

Letter From WRF President

It has been such an inspiring experience working along side thirty-five Reflexologists who have gone through the WRF Teacher Training program. Each one of the WRF Trainers has conducted at least 2 (some as many as 6) WRF Self-Help and/or Family-Help Workshops. That's approximately 105 workshops. With an average attendance of 10 people in each workshop, 1,050 people who have had their health and quality of life improve because of the volunteer spirit of the WRF Trainers. And many of the students have taken home what they learned during the Self-Help & Family-Help Workshops to further help themselves, as well as their loved ones, co-workers and friends.

Our most recent WRF Trainers Training was conducted July and August in Anaheim, CA. See photos on another page. For the first time we were joined by Reflexologist from other states, Oregon and Hawaii. In time, the WRF will grow to conduct workshops across America and throughout the world.

We have realized the need for having a system of obtaining locations for trainers and matching trainers with available locations. This will be developed more in 2015.

Please let us know if you have a location or organization that would like to have a WRF Trainer or two come to conduct a WRF Self-Help and/or Family-Help Workshop?

Letter From WRF Board

WRF expanded our reach with workshops in community as well as in Nonprofit groups in 2014 with workshops being done in Germany, Mexico, and in the Southern California areas of Los Angeles, Maywood, Lakewood, Burbank, Studio City, North Hollywood, Monrovia, La Verne, Claremont, Pomona, Whittier, Yorba Linda, Long Beach, Hermosa Beach, Malibu, Anaheim, Buena Park, Aliso Viejo, Mission Viejo, San Clemente, Granada Hills, Valley Village, San Fernando, Sherman Oaks, Sylmar, Palmdale, Palm Springs, Santa Fe Springs, Montebello, and Pasadena, We also added Pasadena and West LA Cancer Support Center (CSC), a Nonprofit Foundation, to our workshop locations that can now be put on a calendar to be repeated annually.

Our WRF Workbook development has been going well in 2014 with these additions: Japanese translation of workbooks finished, German and Spanish translations started.

Our treasurer Vicki Wise stepped down in 2014 and continues as an active WRF board director. Board member, Tamaki Horii has taken on the task of treasurer as of August 2014.

Our bookkeeper Pam Shiver also stepped down. We are talking with a replacement.

Our WRF eNewsletter writing and editing is now shared between Stefanie Sabouchian and Sean Reynolds.

2014 was an incredibly productive year towards WRF's Mission of Teaching Self-Help & Family-Help Workshops to the World.

Plans For 2015

The WRF Board is excited and looking forward to 2015 for expansion of workshop numbers and locations, finishing Spanish and German translations of the workbook, another WRF Volunteers and Trainers Gathering, Trainers practice review, adding a new WRF Accountant, expanding our social media presence, exploring YouTube educational videos, fundraising plans, and have on the agenda to look at ways to procure workshop aids to streamline our community workshops.

The World Reflexology Foundation continues to fulfill it's mission of bringing reflexology to the world and especially to those who might otherwise not be able to experience the many benefits of using reflexology for themselves, their families and their communities.
